Disclosure of Terms: Interest rates and/or points, terms and conditions are subject to change without notice, and may vary based on credit quality, loan amount, property type and collateral conditions. The Annual Percentage Rates (APRs) disclosed above assume a 20% down payment (30% on unimproved and recreational property) and include a 1% origination fee for all owner occupied properties and an additional 1% fee for all non-owner occupied properties. Example rate of 4.500% APR with 360 Monthly payments (30 year) = \$506.69 monthly per \$100,000 borrowed. If the down payment is less than 20% for owner occupied first deeds of trust, mortgage insurance may be needed; this could increase the payment and APR. The APR does not include all closing costs. The interest rate for Adjustable Rate Mortgage (ARM) loans may increase after consummation. The monthly payment does not reflect amounts to be paid into escrow, such as taxes or insurance. All loans are subject to credit approval.
